

March 26,

AZSITE is that the of Conservation received a

2024

pleased to Arizona Districts Social

announce Association (AACD) has Investment

Grant from South 32 Hermosa, Inc. for the project *AZSITE Cultural Resources Geodatabase Access Fee Subsidies for Tribal Governments*.

This project will use South 32 Social Investment funds combined with a match from the AACD to subsidize annual fees for access to AZSITE, Arizona's official cultural resources geodatabase, for Arizona tribal government cultural resources personnel. The project objective is to facilitate conservation of cultural resources by increasing the accessibility of AZSITE to tribal governments that have unique management responsibilities and relationships to the data managed by AZSITE.

Through this program, sixteen AZSITE user accounts with web and GIS access are available to Arizona tribal government cultural resources personnel at no cost to the tribe. One subsidized account will be available per calendar year per tribe, until the funds are exhausted.

Instructions for interested tribal governments:

1. Visit AZSITE's [forms page](#) and find the *Web Form for 2026 AZSITE Access*
2. On the form, select your government from the list, or select 'Other' if not listed.
3. In the *User Requests* section, please select the *Tribal Government Standard I* account type for the account to be paid under this program.
 - a. If requesting additional accounts, select the *Tribal Government Standard I* or *30 Day* account type. See our [fee structure](#) for more information.
4. AZSITE will process the application and direct the invoice to the AACD for payment.
 - a. If more than one account is listed on the application, two invoices will be sent – one to the AACD for the subsidized account, and one to the applicant for the remaining balance.

Update 11/10/2025: 3/16 Subsidized Accounts Available
